## FOREWORD

This publication reports the available papers and formal discussions presented at the Twenty-Fifth Annual Meeting of the Western Snow Conference. On this occasion the Conference convened in Santa Barbara, California on April 17-19, 1957. It is hoped that the various reports and discussions presented in these Proceedings will be of value to those concerned with snow and water in their several forms and many important uses and will be an inspiration to vigorously continue research, development, and application in this field of science.

Correspondence regarding these Proceedings or other Western Snow Conference matters should be addressed to Ashton R. Codd, General Chairman, Soil Conservation Service, % Montana State College, Bozeman, Montana.

The publication of this report is made possible through dues and registration fees from individual members and the following organizations who hold corporate memberships or have purchased copies of former Proceedings.
