

*BEST POSTER PAPER AWARDS*

- 1988 - Kalispell, Montana  
Bruce P. Van Haveren  
"Hydrograph Recession Limbs -- A Case of Hydrologic Deja Vu"
- 1989 - Fort Collins, Colorado  
Keith Cooley  
"Assessing the Effects of Climatic Changes on Snowpack and Streamflow"
- 1990 - Sacramento, California  
George Clagett  
"Let's Involve School Kids in Data Collection Efforts"
- 1991 - Juneau, Alaska  
J. R. Metcalfe, C. L. Hanson, T. Pangburn, B. E. Goodison,  
and R. Bates  
"North American Participation in the WMO Solid Precipitation Measurement Intercomparison"
- 1992 - Jackson Hole, Wyoming  
Robert L. Jairell and R. A. Schmidt  
"Harvesting Snow when Water Levels are Low"
- 1993 - Quebec City, Quebec  
C. A. Troendle, R. A. Schmidt and M. Martinez  
"Partitioning the Deposition of Winter Snowfall as a Function of Aspect on Forested Slopes"
- 1994 - Santa Fe, New Mexico  
Not Awarded
- 1995 - Sparks, Nevada  
R. S. Osterhuber  
"Climatic Summary of Donner Summit, California"
- 1996 - Bend, Oregon  
Stephanie Smith  
"Mixed-Station Record Estimation and Extension for Precipitation and Snow Course Data"
- 1997 - Banff, Alberta Canada  
Joint meeting with the 54th Annual Eastern Snow Conference-
- 1998 - Snowbird, Utah  
Richard Kattelmann, Keith R. Cooley and Peter Palmer  
"Maximum Snowmelt Rates: Some observations"
- 1999 - South Lake Tahoe, California  
Sarah Clements, Kathy Tonnessen and Kelly Elder  
"Spatial and Temporal Variations of Bulk Snow Properties in an Alpine/Subalpine Watershed, Rocky Mountain National Park"

*BEST POSTER PAPER AWARDS (Continued)*

- 2000 - Port Angeles, Washington  
Philip Mote, Alan Hamlet and Nathan Mantua  
"Variations in Snow Depth and Streamflow in the Pacific Northwest and their Relationship to Pacific Basin Climate Variability".
- 2001 - Sun Valley, Idaho  
Tyler Erickson  
"Landscape Controls on Snow Accumulation in an Alpine Catchment"
- 2002 - Granby, Colorado  
Jeffrey Deems  
"Geographic Variation in Snow Temperature Gradients in a Mountain Snowpack"
- 2003 - Scottsdale, Arizona  
Kent Scheler  
"Near-Surface Faceted Crystal Growth and Snow Stability in a High Altitude Maritime Snow Climate"
- 2004 - Richmond, British Columbia  
Alison Gillespie  
"Testing the Value of Multi-Proxy Records of Climate Change in Alpine Glaciers"
- 2005 - Great Falls, Montana  
Troy Blandford, et al.  
"Interpolating Surface Air Temperature for Use in Semi-Distributed Snowmelt Runoff Models"
- 2006 - Las Cruces, New Mexico  
Not awarded.
- 2007 - Kailua-Kona Hawaii  
Randall Osterhuber, et al.  
"Delaying Snowpack Ablation"
- 2008 - Hood River, Oregon  
Not awarded.
- 2009 - Canmore, AB - Canada  
George P. Ingersoll et al.  
"Declining Snowpack Depths and Snow Water Equivalent at Snowpack Monitoring Sites in the Rocky Mountain Region, USA, 1993-2008"
- 2010 - Logan, Utah  
Shea McDonald and Dwight Barry  
"Elevational Differences in Snowpack Variability: A Case for Increased Monitoring in the Olympic Mountains"
- 2011 - Stateline, Nevada  
Not awarded

*BEST POSTER PAPER AWARDS (Continued)*

- 2012 - Anchorage, Alaska  
Daniel Hagberg  
"Impact of Forest Canopy Density on Snow Accumulation and SWE Preservation over Time"
- 2013 - Jackson, Wyoming  
Randall Osterhuber  
"Lateral Free Water and Snowmelt Lysimeters"
- 2014 - Durango, Colorado  
Alana Wilson  
"Using Hydrochemistry Data to Constrain the Role of Snow and Ice Meltwater in the Langtang Valley, Nepal"
- 2015 - Grass Valley, California  
Kara Ferguson  
"From Snow to Flow: Estimating the Timing of Peak Streamflow Using SNOTEL Ablation Curves"
