Western Snow Conference

Presentation Requirements

Thank you for your abstract submission. We look forward to having another great conference with many terrific presentations. Below is a list of general requirements for either an oral presentation or a poster presentation. All presentations, oral or poster, require an associated written paper that will be published in the online Western Snow Conference Proceedings. A digital copy of the paper is due by April15, and should be submitted to the Editor digitally. If you will not be able to provide a digital copy at the conference or have other publication issues, please contact the Editor. See the Author Information documents on the WSC web for formatting details, examples, and a template.

Oral presentations:

- Please check the agenda -available on the Conference website - for total time allotted for your presentation.
- The presentation must be in a <u>Windows-compatible Microsoft PowerPoint</u> or PDF format.
- The presentation may be recorded and published to the Western Snow Conference website.
- All authors are <u>strongly encouraged</u> to have their <u>entire</u> presentation in PowerPoint. If external programs (video, animations, etc.) are used, embed those within the PowerPoint or put them in a folder with the PowerPoint. It is safer to do screen captures of the results/plots produced by the external program.
- All ORAL presentation slides (in-person presenters) and pre-recorded presentations (virtual presenters) must be uploaded by end of business Friday April 15th to the link previously provided.

Poster presentations:

- The maximum poster size is 48"x36".
- Bring a minimum of 10 copies of the poster printed on 8.5"x11" paper or larger to hand out at the conference.
- Poster presenters are required to be near their poster during the poster presentations during the poster session to answer any questions.
